

Blessed is the one who trusts in the Lord, whose confidence is in him.
They will be like a tree planted by the water that sends out its roots by the stream.
It does not fear when heat comes; its leaves are always green.
It has no worries in a year of drought and never fails to bear fruit.

Access Plan 2025 – 2028 (Spennithorne site)

This plan shows how Middleham (VA) Church of England Primary School site intends, over time, to increase the accessibility of our school for disabled pupils, staff, parents/carers and visitors.

Disability and The Federation of Middleham (VA) and Spennithorne (VC) CE Primary Schools: 'A person has a disability if he or she has a physical or mental impairment that has a substantial long-term adverse effect on his or her ability to carry out day to day activities'- the Disability Discrimination Act, 1995 definition of disability.

The Disability Discrimination Act 1995 was extended to include education by the SEN and Disability Act 2001 (SENDA). The Governing Body of The Federation of Middleham (VA) and Spennithorne (VC) CE Primary Schools recognises the following duties that this places upon them:

- Not to treat disabled pupils less favourably for a reason related to their disability.
- To make reasonable adjustments for disabled pupils, so that they are not at a substantial disadvantage.
- To plan to make reasonable adjustments to the school buildings so that there is an increased access to education for disabled pupils and to make the school buildings more accessible for disabled persons.

Areas of planning responsibilities

1. Increasing access for disabled pupils to the school curriculum (this includes teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits)
2. Improving access to the physical environment of schools (this includes improvements to the physical environment of the school and physical aids to access education)
3. Improving the delivery of written information to disabled pupils (this will include planning to make written information that is normally provided by the school to its pupils available to disabled pupils). The information should take account of pupils' disabilities and pupils' and parents' preferred formats and be made available within a reasonable timeframe.

Schools are required to resource, implement and review their accessibility plan as necessary. This plan will be monitored and evaluated by the full Governing Body. The plan attached sets out the Governors' proposals for increasing access to education for disabled pupils.

Access to this plan

This plan will be published on our website. It will also be made available on request to any current or prospective parent/carers who requests it. We will also hand this plan to any parent/carers of a child with disabilities who makes an enquiry about a place for their child at the school. This plan will also be made available to any member of staff or applicant for a post at the school who requests it.

The School's Equality Policy ensures that there is no discrimination against any sub-group within our community. With this in mind the school has put in place policies and procedures so that children and people with disabilities are not treated less favourably in the service, education or support they receive than people without a disability. Meeting these requirements is consistent with the school's SEND Policy as well as its Equalities Policy.
